

ORIOLO RESPITE PROGRAM

*A program for Seniors
and their caregivers*

Oriol Health Care
Our Family Taking Care of Yours

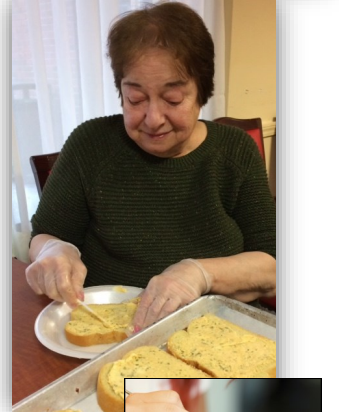

If you are considering traveling or need to have surgery, respite is a wonderful option for care-givers.

Take some stress out of your time away by bringing your family member to stay with us !

Let our family take care of yours!

Respite provides short-term, temporary relief to those caring for a family member while providing a positive experience for those receiving care.

Oriol Health Care is happy to offer a chance for our family to take care of yours through our respite stay program. Enroll your loved one in our short stay respite program at either Holden Rehabilitation or Oakdale Rehabilitation. While the caregiver has a period of rest, we will care for your parent, spouse or loved one. Included in the program are daily activities, meals, laundry, a complete physical therapy assessment, a nutritional assessment and round-the-clock care. Our guest will also be treated to a manicure and a visit with our hairdresser/barber before going home refreshed!
