WELCOME TO WACHUSETT

- The Wachusett Respiratory Program was established over 20 years ago by the Oriol Family. A new state-of-the-art unit was built for this program in 2013 within Holden Rehabilitation & Skilled Nursing Center. The Wachusett neighborhood was designed specifically for respiratory care with input from long-term staff members and residents considered.

With You In Mind

- Our respiratory program provides for your needs in a comfortable environment; designed specifically to meet your individual needs.
- Our dedicated staff has been caring for complex needs for over 20 years. Our licensed staffing is 3 times the state average due to our choice to render consistent and attentive patient-centered care.

Our Core Competencies

Areas of Expertise

- Chronic Ventilator Care
- Amyotrophic Lateral Sclerosis (Lou Gehrig's Disease – ALS)
- Chronic Obstructive Pulmonary Disease (COPD)

Bathing Systems

- Three different bathing systems to accommodate all levels of function.

Resident Life

- Professional Entertainers
- Painting Classes
- Pet therapy visits
- Family Fun Day
- Outings and trips
- Fitness Classes
- Sensory Stimulation
- Resident Council
- Spiritual Services
- Holiday Events

Testimonials

“Oriol Health Care is our home away from home. My husband and I have seen nothing but exceptional care for our son since day one. As daily visitors, we are always greeted by staff from all departments. We are very happy with our son’s care. Thank you Oriol Health Care!” Tim’s Family

“This facility has it all. From the food to the activity programs, I have not had a day with nothing to do! I have found it therapeutic to take part in the painting class at least twice a week. I have also experienced new foods (thanks to the dietary department). My husband has been appreciative of the guest trays for lunch. Wachusett Respiratory Care goes above and beyond to make me feel comfortable and at ease.” Carol B.

Our family would like to thank all that Oriol Health Care has done and continues to do for us. With the 24 hour care from nursing on top of the social engagement from activities, we feel that this place has kept our family closer. The location for therapy (as well as the building itself) is ideal and remotely close for our family. Wachusett has done great at empathizing for us all.” Kim’s Family

Our Family Taking Care of Yours

Bob Oriol, CEO & Dave Oriol, CSO

Oriol Health Care was established in 1964 by Eugene Oriol and is now owned by his twin sons, Bob and Dave Oriol. Over 50 years later, the Oriol Family remains the largest private employer in Holden. Bob and Dave are onsite daily and continue to manage all operations of Oriol Health Care to provide a continuum of care for the community.
